**PUBLIC HEARING OF ORDINANCES**
Mr. Edwards read Ordinance 2017-4 An Ordinance Authorizing the City Manager/Finance Directory to Submit the Tax Budget for Fiscal Year 2018 to the Greene County Auditor. The tax budget is required to set the tax rates for the next fiscal year.

Being a public hearing Mayor Baird opened up for public comment. Seeing no comments from the public the Mayor closed the public hearing and asked for a motion. Mr. Edwards made a motion to **adopt Ordinance 2017-4**. Mr. McGill seconded the motion. Mrs. Seger-Lawson read Ordinance 2017-5 An Ordinance Deleting Chapter 848 “Massage Establishments and Technicians” of the Bellbrook Municipal Code in its Entirety and Replacing with Chapter 848 “Massage Service Establishments.” Mr. Schlagheck said the original language was passed in 1983. This past year there was a business that had some questionable business practices. The current code has regulations, but updating was needed. The language was borrowed from the City of Springboro’s recent legislation. Mr. Schlagheck said this will allow the City, at a local level, to control the massage establishments that do business in the City.

INTRODUCTION OF ORDINANCES

Mrs. Middlestetter read Ordinance 2017-6 An Ordinance Amending Ordinance 2016-14 to Adjust the City of Bellbrook Appropriations for 2017 to Reflect Additional Cost in some Line Items and Reduced Costs in other Line Items. Mr. Schlagheck said periodically the appropriations will be amended based upon new information that comes up during the year. In this case, the appropriations are being reduced. The biggest reduction is in the water fund of over $101,000. The Upper Hillside water main project that is currently in the engineering phase will go out to bid later in the year. Since the construction will not start until 2018, the money for construction administration was removed from this year’s appropriations. Other changes were minor that were amended to try to stay as close to budget as we can. This ordinance will be set for a public hearing to be held at the August 28th Council meeting.

Mrs. Middlestetter made a motion to introduce Ordinance 2017-6. Mr. Edwards seconded the motion. The Clerk called the roll. Mrs. Middlestetter, yes; Mr. Edwards, yes; Mr. Greenwood, yes; Mr. McGill, yes; Mrs. Seger-Lawson, yes; Mayor Baird, yes. The motion carried 6-0.

RESOLUTIONS

Mr. McGill read Resolution 2017-R A Resolution Authorizing the City Manager to Adjust the Pay Scales of City Positions not Covered by a Collective Bargaining Agreement. This annual wage increase, effective August 1, 2017, will be 2.75% for most positions. The increase is consistent with the amount granted to police union employees for this year.

Mr. McGill made a motion to adopt Resolution 2017-R. Mrs. Seger-Lawson seconded the motion. The Clerk called the roll. Mr. McGill, yes; Mrs. Seger-Lawson, yes; Mr. Edwards, yes; Mr. Greenwood, yes; Mrs. Middlestetter, yes; Mayor Baird, yes. The motion carried 6-0.

Mr. Greenwood read Resolution 2017-S A Resolution Authorizing the City Manager to Enter into an Agreement with the Bellbrook-Sugarcreek Local School District for School Security. This is an agreement with the schools for increased presence during the day. This agreement is similar to the current agreement. The school reimburses the City $16,000 for the school year for these services. If
the levy is approved in November, this agreement will be replaced by one for a full-time school resource officer that the schools have requested. Mr. Edwards asked if we have been able to keep up with the requested four hours a day. Mr. Schlagheck said yes, we do a very good job with the resources we have.

Mr. Greenwood made a motion to adopt Resolution 2017-S. Mrs. Middlestetter seconded the motion. The Clerk called the roll. Mr. Greenwood, yes; Mrs. Middlestetter, yes; Mr. Edwards, yes; Mr. McGill, yes; Mrs. Seger-Lawson, yes; Mayor Baird, yes. The motion carried 6-.0.

Mr. Greenwood read Resolution 2017-T A Resolution Authorizing the City Manager to Enter into an Agreement with the Bellbrook-Sugarcreek Local School District for Security at Home Football Games. CITY MANAGER REPORT
Mr. Schlagheck said the joint bids for waste and recycling collection services were opened last week. One bid was received from Rumpke, our current contractor. The bid price for the service is $13.85 per resident per month. This is over a five percent increase for the first year but it is locked for five years. Mr. Schlagheck said in the future there will be legislation before Council to approve a five year contract with Rumpke. Mr. Schlagheck said Rumpke has provided good service and also there will be no transition period of swapping out new containers. In the short term, residents will not see any increase to the rate they pay for waste collection and recycling.

Next, Mr. Schlagheck said there is an advertisement for a part-time code enforcement position. This position will allow some restructuring of duties when Eileen retires this fall.

The Contractor shall immediately pick up or sweep up any materials that the Contractor spills during collection. The Contractor is also responsible for cleanup of all hydraulic or other fluids which leak from collection vehicles. All such cleanups are required to be performed as soon as possible, but in no case longer than eight (8) hours after the spilled leak, or the end of the collection day. In the event the Contractor fails to adequately perform a cleanup required pursuant to this section, the City shall have the right to perform such cleanup services using City employees or other contractors and withhold release of monthly payment in accordance with Section 6.2.
4.8 Damage to Collection Containers. The Contractor shall exercise due care to avoid damaging collection containers. The Contractor shall make a like kind replacement of collection containers that it has substantially damaged through the negligence of the Contractor. The Contractor shall warrant that any Contractor-provided collection container shall be free from defects; and engineered to last for not less than ten (10) years. Any damaged or broken Contractor-provided collection containers shall be replaced by the Contractor, at the sole cost and expense of the Contractor.

4.9 Violation of Resident Obligations: Refusal to Collect. Upon the first instance that a Resident places Solid Waste and/or Recyclable Materials for collection in a manner that violates the Resident’s obligations as contained in the original notice mailed by the Contractor to each Residential Unit, the Contractor shall collect such items and leave a tag advising the Resident of the reasons why such placement is unacceptable. Upon any subsequent instance that a Resident places Solid Waste and/or Recyclable Materials for collection in a manner that violates the Resident’s obligations, the Contractor may refuse to pick up such materials provided that at the time of refusal, the Contractor leaves a tag advising the Resident of the reasons for the Contractor’s refusal to collect the materials. The Contractor shall provide the City with copies of all tags left at each Residential Unit pursuant to this section. The Contractor shall not take undue measures to determine compliance with specified weight or size restrictions, but shall act, in good faith, in favor of the City and the Residents receiving the Collection Services.

4.10 Conduct of Contractor’s Employees. The Contractor shall perform all Collection Services in compliance with federal, state and local laws and ordinances, including rules and regulations adopted by the solid waste district and the local board of health. The Contractor’s employees shall conduct themselves in a polite, courteous and helpful manner at all times and shall refrain from the use of loud or profane language. All employees shall wear a shirt or other appropriate clothing bearing the Contractor’s company name in large type. The City may request transfer of any employee who performs his or her duties in a manner that is unsatisfactory to the City.

4.11 Daily Reports. The Contractor shall report any Residential Units not placing collection containers on the collection day. This report shall be provided to the City at the end of each collection day to avoid disputes regarding whether collection containers were placed for collection by the Resident.

4.12 Contractor’s Response to Complaints. The City shall notify the Contractor of any complaints received regarding the Contractor’s services or performance and suggest corrective measures. The Contractor shall, before 5:00 p.m. and before the last collection vehicle leaves the City at the end of the day of collection, contact the City to determine if any complaints have been received. The Contractor shall give prompt and courteous attention to all complaints, and in the case of missed collections, shall arrange for collection on the same day.
ARTICLE V - PERFORMANCE ASSURANCE, BOND, INSURANCE AND INDEMNIFICATION

5.1 Performance Assurance. The Contractor shall immediately report to the City any notice or order from any governmental agency or court or any event, circumstance or condition which may adversely affect the ability of the Contractor to fulfill any of its obligations hereunder. If, upon receipt of such report, or upon the City’s own determination that any such notice, order, event, circumstance or condition adversely affects the ability of the Contractor to fulfill its obligations, the City shall have the right to demand adequate assurances from the Contractor that the Contractor is able to fulfill its obligations. Upon receipt by the Contractor of any such demand, the Contractor, within fourteen (14) days of such demand, shall submit to the City its written response to any such demand. In the event that the City does not agree that the Contractor’s response will provide adequate assurance of future performance to the City and its Residents, the City may, in the exercise of its sole and reasonable discretion, seek substitute or additional sources for the delivery of all or a portion of the Collection Services, declare that the Contractor is in default of its obligations under this Collection Agreement, or take such other action the City deems necessary to assure that the Collection Services will be provided including the right to terminate the Collection Agreement.

5.2 Performance Bond. Within ten (10) days after receiving the Notice of Award, the Contractor shall furnish and maintain for the duration of this Collection Agreement, including any renewal terms, a Performance Bond executed by a duly authorized surety, acceptable to the City in all respects, or such other security acceptable to the City, in the amount of 100% of the consideration for performance of year one of the Collection Agreement. The Performance Bond is attached as Exhibit D and may be renewed by a substitute surety acceptable to the City, provided that the terms and conditions of this Performance Bond obligate the surety to honor the Performance Bond until the City accepts, in writing, a substitute surety.

5.3 Liability Insurance. The Contractor, at the Contractor’s sole cost and expense, agrees that it shall at all times during the term and any renewal term of this Collection Agreement carry and maintain in full force and effect, for the mutual benefit of the City and the Contractor, commercial general public liability insurance against claims for personal injury, death or property damage, occurring as a result of the performance of the Collection Services. The insurance coverage to be purchased and maintained by Contractor as required by this paragraph shall be primary to any insurance, self-insurance, or self-funding arrangement maintained by the City. The coverage and limits of such insurance are listed on Exhibit F, which is attached hereto and incorporated herein by reference. The Contractor shall be responsible for payment of any and all deductible(s) or retention(s) under the policies of insurance purchased and maintained by it pursuant to this Contract.
5.4 **Proof of Insurance.** All insurance required by this Collection Agreement shall be obtained from a responsible insurance company or companies reasonably satisfactory to the City and authorized to do business in the State of Ohio. The City shall be named as an additional insured in such insurance policies. Originals of the insurance policies or certificates shall be delivered to the City promptly upon commencement of the term of this Collection Agreement, and insurance policy renewals or certificates shall be delivered to the City not less than thirty (30) days prior to the expiration dates of any policy. Each policy shall provide that the insurance company shall give notice to the City at least thirty (30) days prior to the effective date of any cancellation or expiration of any such insurance policy.

5.5 **Workers’ Compensation Coverage.** Prior to commencing work under this Collection Agreement, the Contractor shall furnish to the City satisfactory proof that the Contractor has paid current premiums for workers’ compensation coverage for all persons employed in carrying out the work covered by this Collection Agreement. The Contractor shall hold the City free and harmless for any and all personal injuries of all persons performing work for the Contractor under this Collection Agreement.

5.6 **Indemnification.** The Contractor shall save, indemnify and hold the City, its Board of Trustees, employees, agents, officers and consultants (each an indemnitee) harmless from and against any and all liabilities, claims, demands, causes of action, penalties, judgments, forfeitures, liens, suits, costs and expenses whatsoever (including those arising out of death, injury to persons, or damage to or destruction of property), and the cost and expenses incident thereto (including reasonable attorneys’ fees), which any indemnitee may hereafter incur, become responsible for, or pay out for or resulting from the performance of the Collection Services under this Collection Agreement, provided that any such claim, damage, loss, or expense:

(a) is attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property, including any resulting loss of use; and

(b) is caused in whole or in part by any intentional, reckless or negligent act or omission of the Contractor, anyone directly or indirectly employed by the Contractor, or anyone for whose acts any of them may be liable, regardless of whether or not it is caused in part by a party indemnified hereunder. Such obligation shall not be construed to negate, abridge, or otherwise reduce any other right or obligation of indemnity which would otherwise exist as to any party or person described in this section.

5.7 **Environmental Indemnification.** The Contractor shall save, indemnify and hold the City, its Council members, employees, agents, officers and consultants (each an indemnitee) harmless from and against any and all liabilities, claims, demands, causes of action, penalties, judgments, forfeitures, liens, suits, costs and expenses whatsoever
(including those arising out of death, injury to persons, or damage to or destruction of property), and the cost and expenses incident thereto (including reasonable attorneys’ fees), which any indemnitee may hereafter incur, become responsible for, or pay out for or resulting from contamination of or adverse effects on the environment, or any violation of governmental laws, regulations, or orders, in each case, to the extent caused by the Contractor’s negligent, reckless, or willful misconduct relating to the Collection Services. Any indemnitee shall promptly notify the Contractor of any assertion of any claim against it for which it is entitled to be indemnified, shall give the Contractor the opportunity to defend such claim and shall not settle such claim without the approval of the Contractor. This section shall survive expiration or earlier termination of this Agreement.

5.8 **Indemnity Not Limited.** In any and all claims against the City, its employees, agents, officers and consultants, by any employee of the Contractor or anyone for whose acts any of them may be liable, the indemnification obligation under Sections 5.6 and 5.7 shall not be limited in any way by any limitation on the amount or type of damages, compensation, or benefits payable by or for the Contractor under workers’ compensation acts, disability benefit acts, or other employees’ benefit acts.

5.9 **Personal Liability.** Nothing herein shall be construed as creating any personal liability on the part of any employee, agent, officer or consultant of the City.

---

**ARTICLE VI — BILLING, PAYMENT, ADJUSTMENTS OR REDUCTIONS TO PAYMENT**

6.1 **Contractor Billings to City and City Payment.** The Contractor shall bill the City for the Collection Services within ten (10) days following the end of the month, and the City shall pay the Contractor on or before the thirtieth (30th) day following the end of such month. Such billing and payment shall be based on the prices and charges stated in the Exhibit A, increased for additional services requested and approved by the City or reduced by the City as provided in this Collection Agreement. In the event the City reduces payment to the Contractor, in good faith and at its sole discretion, the City will provide a written explanation and reference to the authorizing provision of the Collection Agreement, including paragraphs 4.3, 4.7, and 6.2. In the event that the Contractor disputes the basis for the reduction in payment, the City shall consider the basis for the dispute and may refund any such deduction to the Contractor. However, the City is under no obligation to accept the validity of any such dispute.

The Contractor shall be paid for the number of Residential Units within the City as agreed to by the City, subject to Section 6.3. As the number of Residential Units being serviced in the City increases or decreases, the Contractor and the City may adjust the number of Residential Units accordingly.
6.2 Deductions from Contractor’s Invoice for Non-performance. If the Contractor misses or fails to make a collection on the regularly scheduled day from any Residential Unit(s) on the same street three (3) or more times in any ninety (90) day period, even if corrected within twenty-four (24) hours, the City may withhold payment as follows: the lesser of Twenty-Five Dollars ($25.00) per Residential Unit or Two Hundred and Fifty Dollars ($250.00) per street (no more than one mile in length). In the event the City performs cleanup services pursuant to Section 4.7, the City may withhold payment of one hundred dollars ($100.00) per service call plus $50.00 per hour for cleanup services performed by the City. The remedies available pursuant to this section are in addition to any other remedies available to the City pursuant to this Collection Agreement, and the City’s determination not to use any remedy in response to a failure to perform shall not constitute a waiver by the City of the right to exercise any remedy in response to subsequent failures to perform.

6.3 Unoccupied or Vacant Residential Units. Residents shall be permitted to discontinue Collection Services on a temporary basis while unoccupied because of extended vacations of three (3) months or more, or when the Residential Unit is vacant, upon notification provided to the City. Residential Units that are unoccupied or vacant shall not be charged for Collection Service. The owner of the unoccupied or vacant Residential Unit shall notify the City that Collection Service is not required at the unoccupied or vacant Residential Unit. The City shall notify the Contractor of the addresses of unoccupied or vacant Residential Units. The Contractor shall not invoice the City for Collection Service during the period of time when a Residential Unit is unoccupied or vacant, and the Contractor has been duly notified.

6.4 Annual Review of Generation. Annually at the request of the City or the Contractor, the Contractor and the City shall meet to review the volumes of Solid Waste and/or Recyclable Materials collected from the City and its Residents and delivered for disposal or processing. If based on a review of the volumes collected, and based on the average per household generation figures available from the prior year, a decrease in the average per household generation of Solid Waste is attributable to an increase in the per household generation of separated Recyclable Materials, the Contractor and the City, in a manner to be determined by the parties, may discuss and implement changes that will decrease the cost to the City and its Residents and may provide for additional benefits for the City.

6.5 Adjustment for Changes in Cost of Fuel. Either the Contractor or the City may request a quarterly per Residential Unit fuel price adjustment for Collection Services. For purposes of this provision, a request for fuel price adjustment, upon verification by the City, will result in an adjustment to the Contractor’s invoice received by Residential Units. The form of invoice shall include a fuel price adjustment as an increase or decrease in the quarterly price per Residential Unit for the collection of Solid Waste and/or Solid Waste and/or Recyclable Materials.

The invoice shall include the base per Residential Unit, and a separate fuel price adjustment amount to be added or subtracted for each Residential Unit. The price may be adjusted when the price of diesel fuel has changed during the preceding period in increments of at least twenty-five cents ($0.25) per gallon. (For example: an increase or
decrease in the price per gallon of diesel fuel between $.25 and $.49 shall be equal to $.25 per gallon for purposes of the fuel price adjustment formula provided; an increase or decrease in the price per gallon of diesel fuel between $.50 and $.74 shall be equal to $.50 per gallon for purposes of the fuel price adjustment formula, etc.).

The base price for fuel to be utilized in determining whether a fuel price adjustment is appropriate shall be the average price per gallon of diesel fuel on the Monday preceding the Bid opening, as determined by the Weekly On-Highway Retail Diesel Fuel Price, All Types, for the Midwest Region, as maintained by the Energy Information Administration of the United States Department of Energy ("EIA").

The per Residential Unit fuel price adjustment may first be adjusted, if necessary, on the Collection Services commencement date. Thereafter, the per Residential Unit fuel price adjustment may be made at the end of each quarter (quarters being January through March, April through June, July through September, and October through December) of the contract period, when the price per gallon of diesel fuel, as published by the EIA each Monday, or Tuesday when Monday is a Federal Holiday, has changed by an average amount during the preceding quarter of at least twenty-five cents more or less ($0.25) per gallon from the base price. Each twenty-five cent incremental ($0.25) change in the average price per gallon of diesel fuel, when compared with the base price per gallon for diesel fuel, shall adjust the per Residential Unit fee as follows:

\[
\text{Per Residential Unit base-line charge} + \frac{M/3 \times P}{RU}
\]

6.6 **Permissible Pass-Through Charges.** Any and all governmental fee increases incurred for disposal or processing of Solid Waste and/or Recyclable Materials may be passed on by the Collection Contractor. Any and all governmental fee decreases shall be passed on by the Collection Contractor. A governmental fee is a fee applied to the disposal or processing of Solid Waste and/or Recyclable Materials levied by the United States Federal Government, State of Ohio, a county, township, or solid waste district. The Collection Contractor shall give the City and Residents as much notice as is practicable before adjusting for governmental or generation fee modifications. In the event an adjustment is necessary, the Collection Contractor charge per Residential Unit shall be adjusted by an amount to be determined as follows:

For Solid Waste Disposal: per ton price difference ÷ 12
For Recyclable Materials Processing: (1/3) (per ton price difference) ÷ 12
In the alternative, the City may elect to have the Collection Contractor provide a monthly invoice for any fee increase based upon the actual monthly tonnage.

6.7 **Data Collection and Quarterly Reporting.** The Contractor shall prepare and report the following data on the Collection Services provided by the Contractor on forms provided or approved by the City: (a) a record of the number of Residential Units within the City for which Solid Waste was collected by the Contractor on each regular collection day; (b) a record of the number of Residential Units within the City for which Recyclable Materials was collected by the Contractor on each regular collection day; and (c) a record of the total amount of Solid Waste and/or Recyclable Materials collected within the City pursuant to this Collection Agreement specified in tons, for each day that such Solid Waste and/or Recyclable Materials are delivered for disposal or processing. Upon request of the City, the Contractor shall provide copies of weight receipts and invoices that the Contractor obtains from the disposal or processing facilities. The Contractor shall prepare such records and provide them to the City on not less often than a quarterly basis.

**ARTICLE VII—BREACH, CURE, AND TERMINATION**

7.1 **Breach of Contract: Termination.** Upon the material failure of the Contractor to comply with the terms or conditions of this Collection Agreement, the City may terminate the Collection Agreement in the following manner: the City shall provide notice to the Contractor, by certified mail, return receipt requested, of the alleged material failure of the Contractor to comply with the Collection Agreement. The Contractor shall have ten (10) days to provide the City with written assurance, which can be substantiated by reasonable proof, that the material failure(s) issues identified in the notice have been corrected. In the event that the Contractor fails to provide such written assurance and substantiating proof within the ten (10) day period for corrective action, or there are ongoing or continuing failures to perform the Collection Services, the City may terminate this Collection Agreement. Any such termination shall not take effect until the City is able to secure alternate or substitute performance for the Collection Services. The City may commence the process to obtain an alternate or substitute service provider for the Collection Services following the failure of the Contractor to cure the alleged material failure to the satisfaction of the City, in the exercise of the reasonable discretion of the City.

7.2 **Surety or City Cover in the Event of a Material Failure.** In the event of termination, the Contractor’s surety shall have the right to take over and perform under the Collection Agreement. However, if the surety does not commence performance, the City shall take over performance by contract or otherwise at the expense of the surety. In the event there is no surety-provided cover, or the City is unable to provide or obtain cover, the effective termination date may be delayed by the City until the City completes the process of obtaining a substitute service provider of the Collection Services. In such event, the Contractor shall continue to perform its responsibilities under this Collection Agreement until the effective date of
termination. Material failure includes, but is not limited to, the City’s receipt of more than twenty (20) bona fide complaints in any given month regarding the Collection Services. A bona fide complaint is a complaint that the City has investigated and determined that the complaints represent failures of the Contractor to provide the required Collection Services. Material failure also includes the failure of the Contractor to provide the Performance Bond and proof of insurance as required, or payment of the City income taxes.

7.3 **Termination for Change of Control of Contractor.** The award of this Collection Agreement is based on the ownership and control of the Contractor as of the time of the award. Such ownership and control is a material term in such award. If during the term of this Collection Agreement, the Contractor shall be merged or sold, the City shall have the right, in its sole discretion, to terminate this Collection Agreement upon thirty (30) days written notice of termination to the Contractor. In the event of such notice of termination, the Contractor shall continue to perform under the terms of this Collection Agreement until such time as the City is able to obtain alternate or substitute service.

7.4 **Termination for Excessive Fuel Price Adjustment.** In the event that the fuel price adjustment provision results in a twenty percent (20%) increase in the price per Residential Unit per month for the Collection Services from the initial price per Residential Unit per month accepted by the City, the City may, in the exercise of its sole discretion and without liability to the Contractor, terminate this Agreement and issue a replacement Invitation to Bid. In the event of termination by the City as provided herein, the effective date of any such termination shall be the date of the Notice to Proceed in the replacement Invitation to Bid.

7.5 **Termination of Facility Agreements.** The Contractor is required to deliver Solid Waste and/or Recyclable Materials collected pursuant to the Collection Services Agreement to the facility or facilities identified in the Bid. In the event of the termination of any agreement between the Contractor and the identified facility or facilities through no fault of the Contractor, the Contractor shall be excused from delivering materials to such identified facility or facilities. The Contractor may deliver such materials to an alternate facility selected by the Contractor, upon notice to the City. However, any increase in the cost of providing Collection Services as a result of the termination of Contractor’s facility agreement shall be borne by the Contractor.

**ARTICLE VIII – MISCELLANEOUS PROVISIONS.**

8.1 ** Entire Agreement.** This Collection Agreement, Bid Form and other attachments and exhibits incorporated herein represent the entire agreement of the parties, and supersede all other prior written or oral understandings. This Collection Agreement may be modified or amended only by a writing signed by both parties.
8.2 **Notices.** Written notice required to be given under this Collection Agreement shall be sufficient if delivered personally or mailed by certified mail, return receipt requested, to the Contractor, attention [Name or Title], and to the City, attention [Name or Title], at their respective addresses set forth above. Any change in address must be given in like manner.

8.3 **Waiver.** No waiver, discharge, or renunciation of any claim or right of the City or the Contractor arising out of a breach of this Collection Agreement by the City or the Contractor shall be effective unless in writing signed by the City and the Contractor.

8.4 **Applicable Law.** This Collection Agreement shall be governed by, and construed in accordance with, the laws of the State of Ohio. Venue is proper in any county in which all or a part of the Collection Services are being rendered.

8.5 **Unenforceable Provision.** If any provision of this Collection Agreement is in any way unenforceable, such provision shall be deemed stricken from this Collection Agreement and the parties agree to remain bound by all remaining provisions. The parties agree to negotiate in good faith a replacement provision for any provision so stricken.

8.6 **Binding Effect.** This Collection Agreement shall be binding upon and shall inure to the benefit of, and be enforceable by and against, each party’s successors and assigns. Provided, however, that the Contractor may not assign this Collection Agreement or any of the Contractor’s rights or obligations without the express written consent of the City, which consent may be withheld for any reason or for no reason.

8.7 **Rights or Benefits.** Nothing herein shall be construed to give any rights or benefits in this Collection Agreement to anyone other than the City and the Contractor. All duties and responsibilities undertaken pursuant to this Collection Agreement will be for the sole and exclusive benefit of the City and the Contractor and not for the benefit of any other party.

IN WITNESS WHEREOF, the parties by their duly authorized officers, trustees or partners, have executed this Agreement on the date set forth above.

PLEDGED COLLATERAL -- OHIO REVISED CODE CHAPTER 135
(ORC 135.18(A)(2); 135.37(A)(2); 135.182; OAC 135-3-01)

KeyBank has submitted a Letter of Intent and Application to participate in the Ohio Pooled
Collateral Program, O.A.C. 135-3-01 (“OPCP”), which is authorized by Ohio Revised Code Section
135.182(B), and the Ohio Pooled Collateral System (OPCS), both of which are administered by and
through the Office of the Treasurer of the State of Ohio. KeyBank anticipates that it will enter the OPCP
during the fourth quarter of 2017.

In executing this Agreement, the undersigned Depositor/Public Unit represents that it is
participating in, or will participate in, the OPCP and OPCS and acknowledges that KeyBank, as a Public
Depository, upon acceptance into the OPCP, has pledged, or will pledge, with other Public Depositories,
a pool of eligible securities for the benefit of all public depositors to secure the repayment of uninsured
public deposits at KeyBank, at the rate of 102% of the Depositor/Public Unit’s uninsured deposits, i.e.
those deposits in excess of FDIC insured deposits, or at no less than the collateral floor as the Ohio Treasurer of State, in his/her sole discretion, assigns to KeyBank, all as permitted under Ohio Revised Code Sections 135.18(A)(2), 135.182(B), 135.137(A)(2), and the OPCP. In the latter event, KeyBank will provide Depositor with written Notice of the specific percentage of eligible securities to be pledged by KeyBank as security for the uninsured portion of Depositor’s account(s), which Notice shall, upon receipt by Depositor, become a part of, and be incorporated into, this Agreement.

As of July 1, 2017, and unless and until KeyBank is accepted into, and is active in, the OPCP, KeyBank will secure Depositor’s uninsured deposits at the rate of 105% as required by ORC 135.18(C) and OAC 135-3-01(C)(7).

Depositor agrees that should it become necessary to look to collateral deposited in the OPCP for return of the value of its uninsured deposits at KeyBank, it will make such claim directly to and through the Ohio Treasurer of State and not through KeyBank. KeyBank, the Ohio Treasurer of State, and an eligible and qualified Trustee(s) (as approved by the Ohio Treasurer of State pursuant to ORC 135.182(C)) will enter into an agreement whereby collateral pledged to secure the uninsured portion of the Depositor’s account(s), as a percentage of Depositor’s deposits at KeyBank, and as determined above, will be deposited with the Trustee(s) as Custodian and held as security for the benefit of Public Depositors through OPCP administered by the Treasurer of the State of Ohio.

Depositor/Public Unit hereby consents, in connection with its and KeyBank’s participation in the OPCP, to the sharing of its account information between KeyBank and the Office of the Ohio Treasurer of State, in order to effectuate the terms, conditions and requirements of OPCP and OPSCS.

This Agreement will be executed as two originals, one of which will be retained by each party hereto.
