**OLD BUSINESS**

**NEW BUSINESS**

Ms. Dodd said this is an appeal hearing of a Village Review Board Case at 79 West Franklin St. Mayor Baird asked Ms. Dodd for some background information on this case. Ms. Dodd said this dates back to
the winter of 2015. A dilapidated home was approved for demolition in November 2015 and a duplex was built in its place. If someone wishes to build in the Old Village they need to go through the Village Review Board. A public hearing is held to review the Application for Certificate of Appropriateness for the new structure. This certificate ensures the new structure will fit in with the surrounding structures. The VRB approved and construction occurred throughout 2016.

In early 2017 it was discovered that the construction did not match plans approved by the VRB. In August of 2017, the VRB meet to hear an appeal by the property owner. The appeal was denied. The VRB did make a motion to modify the property to install the gable with the decorative louver and install the faux windows on the north side of the property. Also install railings on the north and south side of each porch. A 120 day timeline for completion was given. In December 2017 the 120 day timeline lapsed. The previous City Manager sent a letter on December 22, 2017 regarding notification of violations of the Zoning Code, with another extension to correct violations. The letter stated that civil penalties would be assessed if the violations were not corrected.

On January 15, 2018 the City received a letter from the property owner’s attorney stating he would like to appeal the Zoning Notice of Violations and would like a hearing on the matter.

On May 30, 2018, Ms. Dodd met with Mr. Jendrian regarding the violation. Mr. Jendrian said it would be expensive to install the gable but he offered to install the porch railings, install shutters on the north end of the property and pay the $250.00 fine.

Ms. Dodd showed the original plans to Council. She said there are issues with these drawings and she said the structure could not be built to these plans.

Mayor Baird then asked Ms. Dodd to explain how we got here tonight. Ms. Dodd said in the Zoning Code, when the Village Review Board makes a decision, the property owner can appeal the decision to Council within 45 days. Ms. Dodd said the 45 days have obviously lapsed because that decision was made in 2017. At the last Council meeting, Council decided to grant that appeal even though it was outside of the 45 day window. Ms. Dodd said there is no further process in the Code but Council can hear the appeal and decided to uphold the VRB decision or deny the VRB decision with some modifications. Ms. Dodd said there is an appeal before Council tonight. Mr. Jendrian has offered to install the porch railings, install shutters on the north end of the property and pay the $250.00 fine.

Mrs. Seger-Lawson said it was her understanding that the original plan for the new structure was denied by the VRB because it did not look like the structure next to it. The VRB wanted the new structure to look similar to other structures next to it. She said it is clear that there should be a gable on the property.

Mr. Schweller said he understands that they built to one of the specs. He said he would like to see them install the false gable if they could. Mr. Schweller said what does upset him is how long this project has gone on. He said we are reasonable people and he is disappointed that this has gone on for such a long period of time.

Mr. McGill is concerned with this appeal too. He said the owner of the property has basically said the gable was preferred but Mr. McGill said the gable was an integral part of the design. He said he understands it might have been overlooked but it was integral. Mr. McGill said the gable should have been installed. He also said this appeal is really no different than the modifications that the Village Review Board requested Mr. Jendrian to do in August, 2017. Mr. McGill said that Mr. Jendrian said he
has built before and was at the property 2-3 times a week. He was not sure why Mr. Jendrian did not notice that the gable was not installed.

Mr. Greenwood said he believes that it was well known that the gable was to be installed on the property. He said all parties agreed to this and it is unfortunate that it has come to this but Mr. Greenwood said the gable needs to be installed on the property.

Mrs. Middlestetter said it looks like the side of the property is facing the main street. She said the gable needs to be installed so the property looks like it belongs.

Mr. Edwards said he agrees with his fellow Council members. He said the gable belongs there and it should be there. Mr. Edwards said by not enforcing it being there it could set a precedence to have people build whatever they want to build. He said we do not want that.

Mr. Paul Jendrian-property owner, 79 W. Franklin St. He thanked the Mayor and Council for allowing him to speak tonight. He said it is unfortunate that the outside of the property does not look like what was depicted in the drawing. Mr. Jendrian said he takes responsibility for it. He said he does not feel he has the money to install a gable now. He said it would be more practical to install the gable when the roof needs to be replaced in the future. He said the other items are not difficult and they could be done in a reasonable amount of time. Mr. Jendrian said the builder that built the property moved to Texas so he was not able to have him complete the gable. He said it would have been cheaper to have the builder install the gable because he was not going to charge Mr. Jendrian for his labor. Mr. Jendrian thanked the City Manager for speaking with him earlier in the month and he said he would appreciate Council working with him to get this resolved.

Mrs. Middlestetter said she does not understand why Mr. Jendrian would need to wait until the roof is replaced to install the gable. She said you would still be facing the same issues.

Mr. Jendrian said it would disturb the integrity of the roof.

Mr. Edwards said a faux gable would just set on top of the roof so he said it would not disturb the integrity of the roof.

Mrs. Seger-Lawson made a motion to accept the proposal from Mr. Jendrian at 79 W. Franklin Street to install shutters on north side of property, install railings on each porch, to pay the $250.00 fine and defer the installation of the gable. Mr. Greenwood seconded the motion. The Clerk called the roll. Mrs. Seger-Lawson, no; Mr. Greenwood, no; Mr. Edwards, no; Mr. McGill, no; Mrs. Middlestetter, no; Mr. Schweller, yes; Mayor Baird, no. The motion was rejected 6-1.

Mr. Edwards made a motion to reject the appeal of 79 W. Franklin St. Mr. McGill seconded the motion. The Clerk called the roll. Mr. Edwards, yes; Mr. McGill, yes; Mr. Greenwood, yes; Mrs. Middlestetter, yes; Mrs. Seger-Lawson; yes; Mr. Schweller, no; Mayor Baird, yes. The motion carried 6-1.
OPEN DISCUSSION
Mr. Jeff Owens, 120 N. Main St., Chairman of the Village Review Board. He thanked the Mayor and Council for backing the Village Review Board’s decision. Mr. Owens said they forgave Mr. Jendrian for many items that were originally agreed to on the property.

ADJOURN
Being no further business to come before this regular session of the Bellbrook City Council, Mayor Baird declared the meeting adjourned at 8:10 pm.

This is a summary of the City Council joint work session held with Sugarcreek Township Officials, Bellbrook-Sugarcreek School District Officials and Bellbrook-Sugarcreek Park District Officials on July 16, 2018 at 6:00 pm at the Sugarcreek Township Administrative Office.  

The meeting was called to order at 6:00 and the Clerk called the roll.  

This is an open agenda meeting but Mr. Tiffany first wanted to welcome the two newest Community Leaders: Bellbrook City Manager Ms. Melissa Dodd and Mr. Doug Cozad, Superintendent, Bellbrook-Sugarcreek School District.  

Mr. Tiffany, Sugarcreek Township Administrator said the township will have a Fire Levy on the November ballot. It is a renewal levy.  

Other Greene County Levies include:  
- Greene County Career Center “Take Flight Initiative”  
- Greene Memorial Hospital  
- Children Services  
- Council of Aging  
- Board of Developmental Disabilities  

Mayor Baird said the above levies are renewal levies.
Bellbrook

Ms. Dodd said the City of Bellbrook is in the process of updating the Comprehensive Plan. A community survey was done. There were about 130 residents that completed the survey. Ms. Dodd said it was interesting to see what the community values and she said it will help shape the Comprehensive Plan. She said the Planning Board will be holding public meetings soon. Ms. Dodd is excited about all of the opportunities.

Mr. Tiffany asked Ms. Dodd about Little Sugarcreek Rd. Ms. Dodd said that the Service Department was walking the road twice a week to observe any changes after the event. After the paving, they did not notice any movement of the road so she is not sure they are currently checking it twice a week now.

Mrs. Destefani asked if there was any thought of having a path going down Little Sugarcreek Rd. for the Safe Routes to school. Mayor Baird said the problem is, it would probably be cost prohibitive. He also said that a permanent fix will need to be done to Little Sugarcreek Rd. in the future and it will be very expensive.

Mr. Tiffany talked about connectivity in the community. He said there are supposed to be walkways from Highview Terrace that connect to downtown but there is no connectivity from Highview Terrace. Highview Terrace will connect to the Landings which will get people up to the schools. He said if we could get a walkway to Highview Terrace it would up open up a good portion of Bellbrook. Mr. Tiffany said collectively we could submit it for the Safe Routes to School for funding.

Mr. Stewart asked if the City of Bellbrook is close to getting the Clemens property transferred formally. Ms. Dodd said the City Attorney did a title search and there was a mortgage lien on one of the parcels. She said everything else is ready to go but the lien will need to be released first.

Mr. Greenwood said he read that the Federal Government is coming up with some standardization regarding School Resource Officers. Mr. Tiffany said he has asked our State Representative and Senator to introduce legislation to allow our community to pass a levy for the purposes of funding School Resource Officers. He said it has not fallen on deaf ears but he said they are playing the political game. Mr. Greenwood said he does not think a lot of people understand the term, Resource Officer. Currently, Bellbrook Police rotates between the schools in the city, four hours each day. Mr. Cozad said another issue here is mental health issues. The schools have increased their mental health training for teachers and students. Mrs. Frantz said the School District will be finger printing all volunteers this school year. The Park District does this too.

Bellbrook Sugarcreek Park District

Mrs. Destefani asked about Brookview Swim Club. Mr. Jeff Stewart Bellbrook-Sugarcreek Park District said there are two scenarios here. First, the Board at the pool does not want to see the land there developed. Mr. Stewart said another scenario would be to split the property up and 8-10
acres could become open space. He said he knows this would score good to receive grant money. Mr. Edwards asked who actually owns Brookview. Mr. Stewart said he really is not sure.

Mr. Stewart said that the prairie has come in nice at Morris Reserve. Several local service organizations will be doing some trail clearing. He said there will be about 3-5 miles of trails going in soon.

Next, Mr. Stewart said they will be expanding the parking at Sweet Arrow Reserve soon. They are planning to add additional 30-40 parking spaces. The new parking will work with the design of the land.

Mr. Stewart said they are planning to do a few prescribed burns at Sweet Arrow Reserve and possibly Morris Reserve too.

Mr. Stewart said they were awarded some grant dollars and they plan to update the bathrooms at the Community center. They also plan to do some updating to the banquet area.

Mrs. Destefani asked if there were any plans to add additional parking at the Community Center. Mr. Stewart said it could be tricky and at this time he does not know.

**Bellbrook-Sugarcreek School District**

Mr. Cozad said the school district has a new strategic plan. He said they have a solid plan that was recommended and approved a couple of months ago. Mr. Cozad said they will really be increasing their social media presence. A new website will be rolling out in about a month.

Mr. Cozad said a growth study was done and the study projected only 250 students in the next ten years. He said this is something that is on everyone’s mind and he said they are keeping an eye on it. Mr. Cozad said currently the schools are tight in all of the buildings. They are always interested in the new housing developments that are coming into the area.

Mr. Cozad said the District is also moving to centralized enrollment this year. He said the first day of school for students in August 15th.

Mr. Tiffany asked if the schools will have any levies soon. Mr. Cozad said probably in 2020.

**Sugarcreek Township**

Mr. Tiffany said the Farmers Market is doing well this year. It is now located behind Fazolís on Wilmington Pike. There are about 30 vendors.

Mr. Tiffany said Elsa’s Mexican restaurant is now open.
He said Center Pointe Drive is constructed. The contractor had some issues with dirt running onto the road as a result of rain. Grass matting has been laid down to help with this. A traffic signal will be installed at this intersection too. New signage will go up soon to help train drivers about the new traffic signal.

Mr. Tiffany said the new Digestive Specialist location on Clyo Rd. is complete but not occupied yet. He said this practice will have 18 doctors so they are expecting a lot of traffic.

Mr. Tiffany said the traffic signal was installed at Brown Rd. and Wilmington Pike. He said there is a road widening project to start in August or September at the intersection too. He did say that traffic will be maintained during the project. Another lane will be added to the south side.

He said on the north side, the Guttmann Properties will be developing the current Rollandia location into an assisted living facility and upscale apartments.

Mr. Tiffany said the Feedwire Rd. apartment project is moving along. A hiker and biker trail will be installed at the front of the apartment buildings.

Mrs. Destefani said there is a Community Leaders Meet and Greet located inside Hotspring Spa on Wilmington Pike, Friday July 20th from 3-6pm. Another community event is the Kables Mills Big Wheel race on Saturday, August 4th. Proceeds will purchase a new boat for the Sugarcreek Township Fire Department.

Mr. Tiffany said the township has a new logo; they are just referred to as Sugarcreek.

Mr. Tiffany said a new plan for the Rammel property was submitted to the township. The plan is very dense on a small piece of land. A hearing will be held on August 8th, the township expects this to be tabled at this meeting. If it is tabled, the hearing will be held on September 4th at the Middle School.

Being no further business the work session ended at 7:33 pm.

Mayor Baird was absent. Mr. McGill made a motion to excuse Mayor Baird. Mrs. Middlestetter seconded the motion. The clerk called the roll. Mr. McGill, yes; Mrs. Middlestetter, yes; Mr. Edwards, yes; Mr. Greenwood, yes; Deputy Mayor Schweller, yes. The motion carried 5-0.

Mrs. Seger-Lawson was absent. Mrs. Middlestetter made a motion to excuse Mrs. Seger-Lawson. Mr. McGill seconded the motion. The clerk called the roll. Mrs. Middlestetter, yes; Mr. McGill, yes; Mr. Edwards, yes; Mr. Greenwood, yes; Deputy Mayor Schweller, yes. The motion carried 5-0.

RESOLUTIONS  
Mr. Greenwood read Resolution 2018-Z A Resolution Approving Change Orders and Amending the Total Project Cost for the Upper Hillside Water Main Improvement Project. Ms. Dodd said this resolution will increase the cost that the city will be paying to Brackney Incorporated. She referenced the attached letter from Mr. Mike Murray, City Engineer that outlines the changes. This resolution will also provide for a contingency amount for any other unforeseen items. A special meeting was called to get these resolutions approved so the paving could be completed before fall.

Mr. Schweller asked how they arrived at the $24,500 contingency amount. Ms. Dodd asked Mr. Murray to speak about this. Mr. Murray said during the design of the project the City staff worked with multiple entities to determine the best way to communicate with the proposed Pressure Reducing Valve Pit. Due to topographic and elevation changes radio connections could not be used back to the water plant or public works building. The City’s experience with the cellular providers in the area did not provide sufficient comfort that a reliable cellular connection could be achieved. The only solution was fiber optic cable. Once fiber was determined to be the best, there were two installation options, either buried or aerial installation. The project needed to go out to bid but it still was not determined if the preferred aerial solution was feasible. Mr. Murray said that it has taken about 18 months to receive word from DP&L that they will allow for the installation of the fiber optic cable line on an existing pole. This resulted in a change order to the project. Mr. Murray said the only items left to do are the aerial fiber installation and the paving. After reviewing the project, the amount of $55,000 was determined to be a good number with $30,404.25 to cover the upgrade of the fiber optic cable to an aerial installation and other unforeseen items. Mr. Murray said the contingency amount was just an estimated number and it was not for anything specific.
Mr. Greenwood made a motion to adopt Resolution 2018-Z. Mr. Edwards seconded the motion. The Clerk called the roll. Mr. Greenwood, yes; Mr. Edwards, yes; Mr. McGill, yes; Mrs. Middlestetter, yes; Deputy Mayor Schweller, yes. The motion carried 5-0.

Mr. McGill read Resolution 2018-AA A Resolution Authorizing the City Manager to Enter Into an Amended Service Agreement with IBI Group For Engineering Services on the Upper Hillside Water Main Improvement Project and Waiving Competitive Bidding. Ms. Dodd said this resolution is twofold. The previous City Manager hired IBI Group to perform engineering services in the amount of $43,000 which is under the competitive bidding amount. Now we are going over that amount with the above change order so we need to waive competitive bidding because we want IBI Group to complete the project. Ms. Dodd said the other part of the resolution is to date we have paid IBI Group over $42,000 for engineering services and clearly there is more work to do. Mr. Murray requested an increase of $17,000 for additional engineering services. Ms. Dodd said she is not anticipating this entire amount to be spent but there will be more engineering oversight performed by his company.

Deputy Mayor Schweller said Dale Wilson and Ryan Pasley with the Service Department and the engineering firm have done a great job on this project.

OPEN DISCUSSION
Ann Beeman, 33 Upper Hillside Dr.- She asked if we are on track to finish the project up before school starts. She is also concerned about an open trench that she has in front of her house. She asked if gravel could be put into the trench. Ms. Dodd said the reason of this meeting tonight was to keep the project moving along. Mr. Murry will be in touch with the contractor on Wednesday. He said since we will be going aerial with the fiber optic cable, the open trench will be filled in with gravel. Mr. Murray also said that the paving is likely to start the week of August 20th. The yard restoration will start once the weather turns cooler.

Mrs. Middlestetter wanted to remind everyone to come out to the Lions Club Festival on August 16th - 18th. She invited everyone to come down and enjoy good food and play some games. She also said that the Lions Club does a lot of good things for the community.
